

**Minutes of Extraordinary Parish Council Meeting
dated 15th August 2017**

Present: Councillor Mrs Moss (Chair), Councillor Mrs Buckley, Councillors Windo, Lillington and Phillips.

Apologies: Councillor Mrs Ellis, Councillor Higgins and Mrs Sarah Jezard (Clerk to the Parish Council).

The meeting was called to consider the Parish Council's proposed resolution in respect of the proposed expansion of the Flax Bourton Church of England Primary School having regard to the views of the residents of Station Road and surrounding areas in respect of parking and speed limits that had been raised at the earlier public meeting.

The Parish Council was minded to support the expansion of the school but would state its concerns regarding suitable parking measures being put in place as well as appropriate speed limits.

The PC was not happy about the proposed 40 mph limit proposed for that part of Station Road from just beyond the school entrance and terminating at the Clevedon Road, considering the narrowness of the road and the fact that it contains two hump-back bridges.

Councillor Lillington also requested that there should be more appropriate road signage at either end of this stretch of road.

It was resolved that Councillor Mrs Moss would write to North Somerset Council accordingly, on behalf of the Parish Council.

This being the only item on the Agenda, the Chair closed the meeting at 10:00 p.m.

Signed
