

# Are you Caring for someone? If so, we want to hear from you!

We're collecting the views of Carers in North Somerset to see how health & social care services meet your needs.

Why not tell us about your experience; what's working well and what could be done better?

You can contact us on the number below and we'll call you back. Or we can send a questionnaire to you along with a freepost envelope. Otherwise download **Carers Survey** from our website.

Closing date is end of March 2017
